Delivery Date & Time Picker - Installation Guide

Step 1 — Install the App

1. Open the BigCommerce App Marketplace (<https://www.bigcommerce.com/apps/>)
2. Search for **Delivery Date & Time Picker**
3. Click **Install**
4. Approve the required permissions for your store

Step 2 — Open the App Dashboard

After installation:

1. Go to **Apps** in your BigCommerce admin panel
2. Open **Delivery Date & Time Picker**
3. Press "**Start Setup**" and follow the onboarding process

Step 3 — Test the Storefront

We recommend testing the complete workflow before going live:

- Open your storefront
- Add a product to cart
- Select a delivery date and time
- Place a test order
- Verify the delivery information appears in the order details
