Delivery Date & Time Picker - User Guide

This guide explains how to configure and manage Delivery Date & Time Picker for your BigCommerce store.

Initial Setup

After installation:

1. Go to **Apps** in your BigCommerce admin panel
2. Open **Delivery Date & Time Picker**
3. Press "**Start Setup**" and follow the onboarding process

Shipping Method Mapping

During the first onboarding step, you can map as many shipping methods to the calendar as needed.

Each shipping method can have: Its own delivery days Business day configuration Separate scheduling rules You can add additional shipping methods at any time by pressing "**+ Add Shipping Method**".

Setup Wizard: Shipping Method

Step 1 of 10

Shipping Method (REQUIRED AT LEAST 1)

Method Name	Day Type	Delivery Days
